

Science Buskers Festival 2017

Kudos to the Science Buskers for their outstanding performance at the recent Science Busker's Festival organised by Singapore Science Centre! The Science Buskers Festival is an annual event that encompasses the idea of developing the individual's communication skills through the use of science in a creative manner.

24 teams represented our school for the audition round and 4 teams emerged as finalists. These four teams busked tirelessly and wowed the public with their enthusiasm and confidence as they actively presented their experiments.

The Smarties Pies

Alexandra Tan 5P, Samantha Ho 5P,
Evangeline Chan 5P

Electric Twins

Cheah Kika 5P, Cheah Mika 5H

Science Rocks

Naya 5H

The Eco Squad

Kadambari 5H, Pavithra 5H,
Sangamithra 5P

Naya showcasing her experiments on electromagnets

The Eco Squad creating clouds in a bottle!

Energetic Twins attracting the crowds with their electrical set-ups and matching outfits!

The Smarties Pies explaining how to create a tornado in a bottle!

After two days of intense busking, the teams faced the panel of judges and were given only a few minutes to present their experiments and articulate the science concepts. The teams impressed the judges and have received the following awards;

Champion: The Energetic Twins

2nd Runner Up: Science Rocks

Judges Award (Appealing Costume): The Eco Squad

Voter's Choice: The Eco Squad
