

P3 Music Ambassadors Learning Journey to the Victoria Theatre and Concert Hall

The P3 Music Ambassadors went on a learning journey conducted by the music department to the Victoria Theatre and Concert Hall on 08 March 2018 to watch a lunchtime performance by the Singapore Symphony Orchestra. The objectives of the learning journey were to train the students to be music advocates as well as to provide an opportunity for students to experience music from the western classical tradition.

It was a wonderful experience for the music ambassadors as it was the first visit to the concert hall for many of them! Also, they were exposed to music from the western classical tradition such as Beethoven's Symphony No. 5 (first movement) and Satie's *Gymnopédies* Nos. 1 & 3. After the concert, the music ambassadors were tasked to reflect on their experiences and learning before their sharing during the Aesthetics Week in Term 3.
