

## Outreach Programme at St. Joseph Kindergarten

The Environmental Science Club pupils went on an outreach programme to St. Joseph Kindergarten on 19 April 2019. To raise the kindergarteners' awareness on showing care for the environment, the pupils carried out engaging activities with the kindergarteners to share with them the importance of practising the 3Rs-Reduce, Reuse and Recycle.

Performing a skit showing the importance of 3Rs

Answer a question on recycling before proceeding in the Snake and Ladder game

Making beautiful animals out of recyclables

Fish out the recyclables

Sort the recyclables
