

# Learning Journey to Jurong Bird Park

6<sup>th</sup>, 10<sup>th</sup> and 12<sup>th</sup> April 2017

The Primary Two pupils went on a learning journey to the Bird Park to learn more about birds. The pupils were guided by their teachers to complete some activities related to the Young Ornithologist Badge Scheme.

To enrich their knowledge, the pupils attended an interesting sharing session on Animal Homes and gained new knowledge about how different birds build their nests. Through this session, pupils are equipped with the knowledge and skill to build a nest for their upcoming project work!

Every one got a chance to feel the feathers of a penguin!

We found out what the birds use to build their nests.
