

Video Editing Workshop for Primary 4 & 5 Pupils

The ICT Department in CHIJOLWP conducted a Video Editing workshop for Primary 4 and 5 pupils on 21st June 2018. Pupils definitely had a meaningful lesson learning and exploring the various video editing features found in I-movie. Features such as importing video and audio files, editing clips, adding transitions, captions and recording narration were taught to them.

Pupils listened attentively before given the opportunity to try on the I-movie features taught on their own.
