

# 2017 Suzhou & Shanghai Cultural Immersion Programme (28 May – 1 June 2017)

In 2017, the P5 pupils embarked on an exciting trip to Suzhou & Shanghai for their Cultural Immersion Programme from 28 May to 1 June.

Our pupils visited places of interests such as the Ancient Water Town Tongli and Humble Administrator's Garden to learn more about the Chinese culture. The pupils also had the chance to visit the Silk Factory to learn about the life cycle of silk worms and the process of silk making.

For school exchange programme, our pupils visited Kuantang Experimental Primary School and Loufeng Experimental Primary School in Suzhou. They spent quality time interacting with their overseas friends and attended class lessons with their buddies too.

Pupils exhibited the virtues of self-discipline and responsibility when traveling overseas, they learnt to take care of themselves and others too.

Overall, this was definitely an enriching and happy trip for all of our pupils.
