

During Earth Week in Term 2, the P3 pupils shared what they have learned about the different plants in the Outdoor Learning Space with the P2 pupils. As the P3 pupils brought their P2 buddies around the garden, they used ipads to share information about the plants found there. It was an enriching experience for both the P2 and P3 pupils.

Asking my buddy a question

Let's learn about lemongrass!

Can you spot the brinjal?
